

CPTC Week 2 Homework

Intro to Pentesting

Lab

Bandit Link

- <https://overthewire.org/wargames/bandit/bandit0.html>

Complete as many levels of Bandit as possible. Each level up to level 20 is worth 5 points. Completing more than the required 20 is encouraged. Provide information on how you completed each level and explain your thought process. Keep grammar in mind

Alternative: Starting Point

Starting Point Link

- <https://app.hackthebox.com/starting-point>

Complete **ONE** box **FROM EACH TIER** (0-2)

- Note that you will need to complete all free boxes from a lower tier to access the higher tier.

Explain your thought process in completing each box. Essentially, create a mini writeup for the box. Keep grammar in mind

Alternative: Hack the Box

Hack the Box Link

- <https://app.hackthebox.com/home>

If you have already done both of the above, contact @dumosuku for more information. You will likely end up doing a writeup for a box of his choice.

Deliverables

1. Submit a PDF with the following:
 - a. Solutions to each Bandit level, Starting Point box, or Hack the Box box.
2. Make sure all sections and images are readable and labeled.
 - a. Keep grammar in mind.
3. Name the file with the following format: `FirstLast_CPTCHomework2.pdf`
